

NATURE: PLANET MOOSE

Slime with Sami

INGREDIENTS

- 1 cup water
- 2 cups corn starch
- Food coloring

ADVANCED OPTION: MARBELED OOBLECK

- Make your oobleck following steps 1-3 above
- Pour the oobleck into a tray
- Add drops of food coloring (multiple colors)
- Using a toothpick, swirl the food coloring around
- Optional: When you have your desired marble, press a piece of paper on top of your marbled oobleck!

INSTRUCTIONS

- 01** Start with water in a bowl
- 02** Little by little, add corn starch to the water. Stir as you go with either a spoon or your hand!
- 03** Add corn starch little by little until it is both a liquid and a solid
- 04** Once it reaches the “oobleck” state, add a few drops of food coloring and mix it in

THINGS TO DO WITH OOBLECK

- Grab a handful and squeeze it
- Try to create a cube, sphere or shape
- Jab at the oobleck and then let your finger slowly sink in
- Drive a toy car through it
- Let the oobleck drip through a strainer
- Try to break the oobleck into pieces
- Make a second oobleck with a different color and mix them together!
