

Nature Scavenger Hunt

Today we are doing a nature scavenger hunt! Make sure to hold onto the items you find because we will be making something really cool with them!

Materials

- Pencil
- Paper
- Glue or Tape
- Nature!

Instructions

1. Make a list of all the cool nature items you want to find! It can be anything you want: flowers, leaves, something yellow, a feather, dirt, something purple, pebbles, etc.
2. Grab a family member or friend and go find these cool nature items in your backyard, at a park, or in your neighborhood.
3. Use a pencil to write what you want to create on your paper, like “NSR” or “Campily.”
4. Glue or tape your nature items onto the paper to create those letters.
5. Clean up any mess you made. (Leave No Trace!) 😊
6. Enjoy your new creation! Make sure to hang it up in your room or take a photo and send it to:
